

Coming to a Screen Near You: Mason.wm.edu (V.2.0)

In July, we'll be moving to our new physical home, Alan B. Miller Hall. But before that, we'll have a new virtual home. Coming in May, the new Mason School of Business website will look completely different. With Rex and his team handling the bricks and mortar for our new home on the western side of campus, Mason Marketing Communications, College IT, and Mason staff have been building our new web home.

In Version 2.0, all of your favorite bookmarks will still work and we've created some new features that you'll definitely want to add to your favorites. Stay tuned to the progress through Facebook, Twitter, or LinkedIn. Or just check back at the same address in a few weeks!

See you on the web!
